## Col. Jim Lee Stages Another Show For Benefit Taxpayers

By Paul Rardin

I lost a friend Tuesday morning after a nine months illness "Dad" Scullen of Belle Glade passed on.

At the age of 78—and a full and useful life—the president of the Belle Glade chamber of commerce—closed his eyes in sleep—that pure sleep from which no man awakes.

I like to think of him as visiting this office. He died the last time—several months ago. He came as a frank and outspoken friend. I thoroughly enjoyed his visit as I had many times before. At that time—although he had passed three scores and ten—little did I think that it would be his last visit.

With the passing of "Dad" Scullen I lost a friend. Thousands of other people in the Lake Region lost a friend. And the growing city of Belle Glade lost an ardent booster.

Up in Tallahassee there was a budget board meeting the other day and Col. Jim Lee—state comptroller—told the show men members of the board. The colonel has a habit of stealing the show when money matters are mentioned. He has for years told the people of Florida—through the press—that he is ever vigilant where tax monies are concerned. This time, however, he was growing. If the colonel wasn't a little off the beam. By his actions and his utterances he would lead one to believe that he wants to stymie the agricultural industry of the state—and halt experimentation.

Experimentation through the years has brought Florida to the forefront as a leader in the vast agricultural industry and the good colored—either desiring more publicity in the press or actually wanting to save the tax payers money—says that agricultural experimentation is being carried on extravagantly.

I've kept a fairly close tab on various things which cost money in Florida. I'm no expert. I claim no title honor. However, I believe that the money spent by the experimental division of the state department of agriculture goes to a good cause. Right here on the shores of Lake Okechobee we have an experiment station which can't be measured in dollars and cents.

This experiment station, located at Belle Glade, is cause for the vast agricultural industry in South Florida today. Without this station we might have had a sort of farming—but not the brand which prevails.

So, our advice to the good colored is that the next time he wants to make an impression upon the taxpayers of the state, is to get out on another kind of a band wagon—and not one loaded with agricultural products.

## RETURN FROM ASSEMBLY

Rev. and Mrs. S. B. Jordan returned this week from Deland where they carried several Canal Point folks to attend the annual Baptist assembly. While away from Canal Point the Jordans visited Pine Castle where Rev. Jordan gave the September church for ten years. Those returned were: Miss Louise Sims, Miss Doris Jordan, Miss Eleanor Chastain, Miss Doris Chastain, Miss Betty Hampton, Dick Bordeaux and Sammy Jordan.

## Rationing Board in Pahokee Establishes New Hours for Your Convenience

Members of the Pahokee-Canal Point Rationing Board have been giving full time to their work and this week announce new hours for the future.

The office of the board will be closed to the public except during the following hours:

MONDAY 2 p. m. to 4 p. m.  
WEDNESDAY 2 p. m. to 4 p. m.  
FRIDAY 2 p. m. to 4 p. m.

Any business pertaining to any rationing of any commodity will be taken up during these specified hours. No rationing business will be conducted at any other time. Please do not call on members of the board at their homes, on the street or by telephone.

C. T. Santee, Don Hillier and C. C. Hull, members of the board, extend their thanks to the public for their kind co-operation during the past and seek co-operation in the future in observing the newly established hours.

## Officers Attend FBI School In W. Palm Beach

Pahokee Police Chief Haywood Baxter, Deputy Sheriff Altman Morgan, Constable Francis Cross and Patrolman Albert Cant attended an FBI conference for Palm Beach county police officials held in West Palm Beach on Wednesday of this week. The conference was held in the Palm Beach Junior high school and curtailed a cooking school and curriculum of vocational training was the subject under discussion. All officials of the county pledged the FBI to exert every effort to stamp out any existing conditions which might lead to a spread of venereal diseases.

## HUGO BOE AT HOME WEEK END AT HOME

Looking aple and span in a coast guardman's uniform, Hugo Boe, Pahokee resident, and now serving his country, was a visitor over the week end. Hugo is an instructor at a cooking school in England. He reports that during the three months he has been in service he has learned to like it.

## ERECT NEW SIRENS

P. P. de Moya, chairman of the Pahokee-Canal Point Defense Council, said yesterday that new sirens will be erected here. The two blackouts scheduled between July 31 and Aug. 6, one to be erected on top of the Automotive Service place and another will be erected on Bacon Point road about a mile from the business section.

## ON VACATION

Mr. and Mrs. R. J. Simonsen left yesterday for a two week vacation which they will spend with friends and relatives in northern states.

## TO RATE CLASSY

By Russell Kay

Commissioners of Highlands, like those of many other counties, are at the moment confronted with the trying problem of raising sufficient tax revenue to meet operating costs, found that either the millage would have to be increased, which meant imposing an additional burden on those who paid, or collect a substantial amount of the delinquent taxes then on the books.

The prospect of collecting was not inspiring but promising, based on the experience of other counties where delinquent accounts had been turned over to "special tax attorneys." Such an arrangement served only to displace revenue in exorbitant fees and court costs, leaving the county but a few cents on the dollar as its share.

Smart "tax dodgers" who let their taxes ride found that they could depend on buying the property back, when sold at the court house door, for a few cents on the dollar. Attorneys who received a juicy flat fee for every suit filed, today were in the picture.

Smart "tax dodgers" who let their taxes ride found that they could depend on buying the property back, when sold at the court house door, for a few cents on the dollar. Attorneys who received a juicy flat fee for every suit filed, today were in the picture.

Highlands county commissioners didn't want to raise the millage, they didn't want to resort to the "unprofitable" and "unpleasant" "special tax attorney" method. But they had to do something. So they invited a group of local civic leaders, business men and taxpayers to sit with them and discuss the problem.

Commissioners explained the dilemma and passed the troublesome task to the fellows who in the end of the day would have to pay the bills. The commissioners were playing safe. They were

## Death Claims 'Dad' Scullen, Leader In Belle Glade Area

### Funeral Held Yesterday And Burial Made In West Palm Beach

Death came early Tuesday morning to one of Belle Glade's standing business men and civic leaders, James "Dad" Scullen, 78, of the Everglades Memorial hospital after an illness which lasted more than nine months.

For 15 years Mr. Scullen was manager of the South Florida conservancy district with offices during the past few years in Belle Glade. For the past few years he had been president of the Belle Glade chamber of commerce and one of the town's ardent boosters.

Many outstanding accomplishments are credited to his untiring efforts and splendid leadership. He was the only president the Belle Glade chamber of commerce ever had and proved his worth as a leader on many occasions.

He leaves a widow, Mrs. Nell Scullen, his daughter, Mrs. Lillian Jeffries of Miami Shores, and a son, Mr. J. L. Scullen.

Funeral services under the direction of the Everglades Funeral Home were conducted yesterday afternoon at the Belle Glade Community Methodist church and burial was made in West Palm Beach.

Rev. Jay Jameson, pastor of the church officiated.

Pallbearers were: W. C. Allen, S. A. Roberts, J. C. Greer, A. E. Kirschman, Luther Jones, E. S. Bradlock, R. Y. Creech and Joe Freeland.

## Doss Tabb Receives Sergeant's Stripes

James Doss Tabb, son of Mr. and Mrs. James C. Tabb of Pahokee, Fla., recently been promoted from corporal to the rank of sergeant according to an announcement by the authorities at the Army Air Force Proving Ground, Eglin Field, Florida.

Sergeant Tabb has been in the army since Aug. 14, 1941. The tremendous increase in army personnel has created a great opportunity for men who can prove themselves capable of holding the ranks of non-commissioned officers.

## SEVERE PENALTY

Those folks who don't observe blackout regulations are liable to a fine of \$500 and 90 days in jail.

Pahokee and Belle Glade have ordinances which cover blackout violations.

## B. Elliott Is Named To Serve In Exalted Ruler's Place

At a meeting of the Elk Lodge Wednesday night B. Elliott, Pahokee Ford dealer, was unanimously chosen by the members to fill in as exalted ruler during the absence of Exalted ruler T. J. Youngblood who is in Boca Raton working.

The chair of the exalted ruler is no new place for Mr. Elliott. He was unanimously elected to fill out the unexpired term of Gordon Vath, who was the first exalted ruler of the lodge. Following Mr. Elliott's tenure of office in the unexpired term he was chosen again unanimously to serve a full one year term which he relinquished when Mr. Youngblood was elected a few months ago.

## Fire Control Board Holds Annual Budget Meet

Members of the board of the Everglades Fire Control district met in their annual budget meeting on Tuesday at the office of the district in Belle Glade. James A. Bull, chairman of the board, presided over the meeting which was attended by a representative group of members and state fire wardens.

An annual appropriation of \$75,000 was set aside by the legislature for operation of the district but conservative management during the past year had cut down on operation and maintenance well below that figure. Although the expenditures were far less than the appropriation, several new trucks and other pieces of much needed new equipment were added to the district's operating facilities.

The budget for the coming year has been set at a figure which in round numbers will not go over \$40,000. Mr. Bull, chairman of the board, said.

Guy Bender, who served as chief of the district under Governor Sholtz and was again accepted by Governor Holland is the active head of the district and its operations. Of course, acts upon authority vested in the chairman and members of the board.

## Believe It Or Not, These Folks Want Taxes Raised

Did you ever hear of taxpayers as anxious before the tax collector as a board of county commissioners to raise their taxes 50 percent? Then listen.

This month Collier county commissioners were confronted with an emergency. They called a meeting of the board and presented a petition of the stock raisers, eighty percent of the stock was presented or requested was asked, "What shall your board of directors do about the matter?" The answer was astounding.

"Raise our taxes 50 percent." The stockholders said.

Collier county's most officials, Collier calls them stockholders.

Perhaps the most expensive fact to Florida taxpayers is that the Collier method of doing public business in local government is without precedent.

Collier county has the best management record in Florida. In 1933 with a population of 1,682, county taxes were \$125,296.43. In 1939 they were \$405,224.43. In 1940 they were \$512,262.43. In 1941 they were \$612,262.43.

## Consolidated Packing Company Formed By Three Canal Point Brokerage Firms

POSTPONE TRIAL OF ACCUSED SLAYERS

The case against Joseph Tomerlin, accused of the slaying of Elmer Rice and Gordon Vann, was postponed until the October term of court.

The first of the week ended buyers sought a writ seeking the release of young Allison but it was denied by Judge Sandler. Hillsborough judge who is sitting in the Palm Beach court. It is Sandler held that Allison, serving a 15 year term in Raiford, the writ would serve no purpose. Tomerlin is being held as a material witness.

Blackout May Come On Saturday Night

The two tax blackouts which are scheduled between July 31 and August 6, may cause merchants a little inconvenience if they don't plan ahead. It is possible that one of the blackouts might be scheduled on Saturday night when large crowds are expected. It will be up to the merchants to keep this in mind as the date for the tax blackouts arrives.

## Big Catfish Are Being Caught

Now comes a new kind of fishing. Not new, maybe, but a little different from the black bass fishing which has been doing in these parts for the past few years. This fishery has to do with catfish. And big ones, too.

Now we don't expect the story to come from one of the fishermen who always has a lot of luck when he goes out to try his hand. So we're not surprised that V. J. Denton is the daddy of this story.

Bright and early the other morning he was fishing near the Richmond pump house below Bacon Point. Using an ordinary rod and reel and his hook baited with parts of a chicken, he was already catching. Eighteen pounds to be exact. Then some more of the kind of fish he was catching. He placed on the hook and another whopper—this time a little smaller—only 15 pounds. The same process was repeated and he was able to beam to 12 pounds. That's all for that catch.

Collier county reporter was going to Belle Glade on business Wednesday when he passed through colored town in Pahokee at the opportune moment to save a big catch. He caught two more whoppers. We didn't stop to ask questions but a trained eye said they weighed in the neighborhood of 12 or 14 pounds each.

Now, the boys are spending a lot of time trying to outdo V. J. Up until now time still has the record catch for this week.

## Sugar Company Pays \$150,000 In Bonuses

Distribution of bonus checks has been made during the past several days by the United States Sugar Corporation to "employees, both white and negro, and it was announced by the corporation that checks totalled in excess of \$150,000, covering the past year's production.

These compensation payments are based on the average price of raw sugar received by the corporation during the year, and individual participation is based on the amount of salary received as well as the length of service of each individual. In a few cases checks ran as high as \$200.

## Navy Men Visit Pahokee Relatives

Three members of Uncle Sam's were visitors in Pahokee over the week end. They were: Edwin Cornett, Albert Angell and Paul Collier, Jr. The boys were non-committal when local folks started to question them about places they had visited during the past several months. However, they did say that the service agrees with them and they like it.

## VISITS IN MIAMI

Mrs. Cornelia Scott of Pahokee has been spending the past considerable time in Miami and West Palm Beach. She will return soon to Pahokee where she will open her new studio.

## BUY UNITED STATES WAR BONDS

Letter signed by Jay W. Moran, executive vice president accompanying each check, stated the corporation preferred that its employees be free in the future to have a share in the company's profits. The corporation would do all he could for his country in the purchase of War Bonds and Stamps.

Collier county. He looks and acts as unpolitical as a comestometer. Fuller's Florida Letter.

### A Petition to the City

Gents and Kind Sirs: On Thursday of the present week along in the shank of the evening your humble petitioner and his tom cat was setting out on the front steps not saying a word to nobody, but waiting for a breeze to come along and fan their fevered brows where cat belonging to a neighbor came snatching across to where we was and made some course remarks to our cat and in its throat and our cat got up and frizzled up his fur and told the neighbor it was everything it called him and two more oh up of that and the neighbor cat kept on casting aspin at our cat until our cat walked over and took a poke at the neighbor cat, clawing enough for off it to make in small sized pair of kitten britches, and the neighbor cat seen he had reckoned without his host, as we editors say, and it lit a shuck, and clumb up a tree in the yard and about this time the party who owns the cat came out on her front porch and say, "I told you I run her cat up the tree and we told her no ma'am we did not, and she says well our cat did, which was the same thing, and we told her our cat and us was in two different lines of business altogether and neither had anything whatever to do with

what the other one done, but if she wanted us to would sic our cat on her cat and make it jump out of the tree and she said we'd better not if we knew what was good for us and if we didn't climb up the tree and get her cat down she would have the law on us and rather than have an argument we clumb up the tree and said kitty, kitty to the neighbor cat, which acted like it didn't have no sense but kept on getting farther away every time we clumb up any closer and finally we got out on a little limb where we didn't have no notion of going and we told the lady who is proprietor of the cat that the only way we seen to do was to shake it off and she said we'd better not if we knew what was good for us and we told her we couldn't spend the balance of our life setting straddle a limb holding kitty, kitty, kitty, to a pinheaded jit that wouldn't pay us no mind as we was a molder of public opinion and there was a whole lot down at the office in an unshod form that required our attention and she said, sure, yes, that's what we should hear, and if we didn't get her cat down she would see if there wasn't some law in the land against a person running another person's property up a tree and leaving it there and when we seen we couldn't do nothing we clumb down and the cat is still up there and hollers real mournful at night and what your humble petitioner wants to know is, has the city got any such officer as a Official Cat Getter or something and would it be asking too much to ask you to do something quick as matters are rapidly approaching a crisis or a focus or whatever you call it and we have to walk two blocks out of the way to keep from being scratched by the cat and we don't want to get that cat down.—Macon Telegraph.

### Cinematic Chatter

By MALCOLM MILLAR

The Musical College of Knowledge Man Kay Kyrer comes to the Prince Theatre Sunday-Monday in what I think will be his best show to date—"My Favorite Spy". The producers of the picture have given Kay a great cast of filmic favorites, headed by Ellen Drew, and Jane Wyman, in the feminine roles, and Robert Armstrong and William Ramaret, in the principal male parts. With this crew of fine actors and actresses they have not forgotten to bring along Kay's Band, featuring Harry Bahbit, Ish Kavahle, Sully Mason, Trusty Irwin and Dorothy Dunn.

According to advance reports it's a fun show of gags, gals and spy, with Kay right in the middle of the mess of intrigue that merrily goes round the axis with a photo finish of action that will keep you howling as you thrill. I do recommend it!

This Tuesday show features Charles Boyer, Olivia de Havilland, Paulette Goddard in a story that has been read by millions, "Hold Back the Dawn".

In this piece Boyer plays a "sticker" who preys on rich and glib women, with Paulette Goddard as his accomplice and "poodle" as his victim. It's a new sort of story, rumping with comedy, teeming with villainy and stuffed with dramatic thrills. To the

Boyer, Goddard, de Havilland fans I can say, here is one that you'll be glad you sat through.

They're moving George Sanders and Lynn Bari into the old show-house on Wednesday—Thursday

with another Falconese adventure, "The Falcon Takes Over". It's the thrilling story of a killer who has a city victimized—yes, even hypnotized—A killer who murders without leaving a clue. But I'm betting my money on the Falcon—because I know he's like Dick Tracy in his Sunday "Giggles and snickers" he'll come out on the winning side.

But there's a lighter side to this double-act show, and that's the "Girl From Havana"—not a musical show as one would gather from the title—it's the romantic story of gunrunners down South America, a way—and gentlemen and ladies, don't believe for one moment it's not filled with thrills. Friday ushers in a dandy comedy about the armed service, and who doesn't enjoy ribs on the boys at camp and in the field? This "Top Sergeant Mulligan" is tops for hilarity with Nat Pendleton and Carol Hughes featured in the pic.

Teaming with this show comes Victor McLaglen, who has long been a favorite with me, and I'm quite sure he will not fail to give a fine performance in "Powder Town"—A show jammed with thrills and rough action, telling the tale of a boom town, where the roughest characters are the survivors.

Oh Boy! Saturday brings back an old favorite of the "Six-shooter"

Chub—Hopalong Cassidy in "Outlaws of the Desert." I'll bet every member will oil up his gun, put on his spurs and trot right over to the old opee house to see this show!

In closing I am proud to announce we have just closed a contract with the Paramount film company which will bring us a line of featured plays and players this summer and winter. I'm

### What You Buy With WAR BONDS

When the Marines get their service pack, there is included therein a bright shiny new shovel cased in a wooden carrier. The shovel costs 6 cents and the carrier 30 cents, or \$1.07 for the ensemble.

HILARIOUS ARMY FUN  
IN NEW ACTION FILM

All the riotous humor of life in an "army camp" is shown in "Top Sergeant Mulligan," with Nat Pendleton in the title role. Hollywood critics have already hailed it as one of the season's funniest pictures.

The story is concerned with the comically and adventure of two

partners who sell out their unprofitable bar business and join the army. Arriving at camp, they find that the top sergeant of their outfit is their bumpy nemesis, Herman Mulligan, who has long been trying to force them to pay a bill due a wholesale drug company. Mulligan proceeds to give the boys "the works," and the pressure later becomes even more unbearable when

they innocently encroach on his love life.

Marjorie Reynolds and Tom Neal supply the love interest in the uproarious army comedy, "Top Sergeant Mulligan." Showing Wed.-Thurs., August 5-6 at the

Everglades theatre and Friday, August 7 at the Prince theatre.

"THE FALCON" IN NEW  
EXCITING ADVENTURE

How a clever amateur detective unravels the mystery of a girl who brings about the death of five men, is the basis of "The Falcon Takes Over," newest screen exploit of that suave sleuth, The Falcon.

George Sanders again plays the title-role in the thrill film which revolves about the search for an elusive girl, Velma. The search is precipitated by a giant escaped convict, Moose Malloy, who seeks revenge on the girl for her part in sending him to prison.

Malloy murders several persons who are trying to conceal Velma from him, and both The Falcon and the police endeavor to catch the huge criminal, who proves as elusive, as Velma herself. The chase leads to a major surprise, with a girl reporter working on the case

finding The Falcon in his perilous efforts until the climax.

Lynn Bari has the feminine lead as the newspaperman, with Ward Bond as Moose Malloy and Helen Gilbert as, Velma. James Gleason and Allen Jenkins again contribute comedy to the melodrama in their respective roles of a police inspector and The Falcon's timid associate, Ed Gargan. Ann Rensler, Selma Jackson, Hans Conruid and other well-known players have supporting roles.

Intigued. Always romantically inclined, even though operating amid perils, George Sanders

finds a new interest in Lynn Bari. They are teamed in "The Falcon Takes Over." Showing Wed.-Thurs., August 5-6 at the Prince theatre and Friday, Aug. 7 at the Everglades theatre.

Ellen Drew Jones Kay Kyser and Kay is just goofy about Ellen, in his latest picture, "My Favorite Spy." Showing Sun.-Mon., Aug. 2-3 at the Prince theatre and Tues., Aug. 7 at the Everglades theatre.

## YOUNG DIRECTOR

Wesley Ruggles, Jr., son of the famous director, directed his first movie scene when he visited his mother, Arline Judge, on the set. The youngster is 9 years old.

NEW PASTOR TO  
ARRIVE SATURDAY

Rev. and Mrs. E. S. Doherty and daughter Key West will arrive in Canal Point Saturday where Rev. Doherty will serve the Methodist church during the coming year. The new pastor will fill the pulpit made vacant when Rev. Merritt O. Slawson joined the army as a second lieutenant.

Sea of Matrimony is the only sea containing hot water.

## TURNED TO ACTING

Eddie Norris, featured player, studied to be a doctor, but became an actor instead. However, he owns half interest in two drug stores near Hollywood.

A 4000-foot long and 300-foot wide duplicate of the original runway of Wake Island airfield was constructed in 10 days at Salton Sea Calif., for a new pix called: "Wake Island."

JUNK  
needed for War

"What's it good for?"  
"Guns, tanks, and maybe part of a plane"

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

The production of steel has gone up, UP, until today America is mining out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin.

The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help?

First—collect all of your waste material and pile it up.

Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

JUNK MAKES  
FIGHTING WEAPONS

## MATERIALS NEEDED

Scrap iron and steel.  
Other metals of all kinds.  
Old rubber.  
Rags, Manila rope, burlap bags.

Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your nearest dealer.

NEEDED ONLY IN CERTAIN LOCALITIES: Waste paper and tin cans—wanted only in certain areas, as announced locally. NOT NEEDED (in this time): Razor blades—glass.

What You Buy With  
WAR BONDS

The 30-caliber Browning machine gun is one of the most efficient short range weapons used by U. S. Fighting forces. It is effective in the purchase of War Bonds. At least ten percent of your income in War Bonds every pay day will do the trick.

One of these guns costs about \$1,500, while a thirty-caliber machine gun costs approximately \$600. Our fighting forces need thousands of these rapid-fire guns. Even a small town or community can buy many of them by utilizing the purchase of War Bonds. At least ten percent of your income in War Bonds every pay day will do the trick.

Report of Condition of BANK OF PALM BEACH, at the close of business on June 30, 1942.

Program

Put Your Tractors and Machines in First Class Condition Immediately

- (1)—CHECK YOUR MACHINES
- (2)—ORDER NECESSARY PARTS IMMEDIATELY
- (3)—USE ONLY GENUINE PARTS

Our repair bins are well stocked with genuine IHC repair parts—made only for International trucks, tractors and farm equipment. Each part is made as an individual unit of the machine for which it is intended; therefore it fits, wears, and is as durable as the original part itself.

Keep this superior service in mind when selecting farm operating equipment. Invest in time-tested machines that are backed by the quick, convenient service rendered by International Harvester dealers.
